DETAILED ACTION

Information Disclosure Statement

1. The information disclosure statement filed 3/22/2007 fails to comply with 37 CFR 1.98(a)(2), which requires a legible copy of each cited foreign patent document; each non-patent literature publication or that portion which caused it to be listed; and all other information or that portion which caused it to be listed. It has been placed in the application file, but Belgium document 1004476A3 has not been considered.

Claim Rejections - 35 USC § 102

2. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

3. Claim 1 is rejected under 35 U.S.C. 102(b) as being anticipated by Fujiwara et al. (US 6,472,470).

The reference discloses in Comparative Example 12 a saponified ethylene-vinyl acetate copolymer having the claimed level of ethylene, lactone and carboxylate groups.

4. Claims 1 and 4 are rejected under 35 U.S.C. 102(a) as being anticipated by Katayama et al. (US 6,552,123).

The reference discloses in Comparative Example 7 a saponified ethylene-vinyl acetate copolymer having the claimed level of ethylene, lactone and carboxylate groups, and sodium ion.

5. Claims 2, 3 and 5-7 are objected to as being dependent upon a rejected base claim, but would be allowable over the prior art currently of record if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

6. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Roberto Rábago whose telephone number is (571) 272-1109. The examiner can normally be reached on Monday - Friday from 8:00 - 4:00.
